July 3, 2013

Awards

Best Speech: Antonietta Francini

Best Evaluator: Chris Young

Best Table Topics Speaker:

Chris Young

Spark Plug Award: Chris Young

Highlights

Thank you to all the members and guests who attended and participated in the meeting. **Welcome** to Chris Young, a Toastmaster from Burlington and to Jo and Doris.

First speaker of the evening was Antonietta Francini. Her talk, Happy Longevity encouraged us all to cultivate a mental attitude of Acceptance, Respect for Others and Care for Others. Accepting our situations as a learning opportunity allows us to gain strength and serenity. Respecting others means to be non-judgmental as we never know someone's whole story. If we do this we gain wisdom. Through caring we learn generosity and compassion.

Colleen Charland's talk was entitled My Educational Journey. She told us how she was a science student and got a job in the textile industry. Later, as the textile industry changed, she moved on to the electronics field. She then led us thru some of the changes in Toastmasters. Technological changes have made it possible for toastmaster training meetings to use video conferencing, enabling more to be able to attend. She encouraged us all to attend Monday's training meeting.

Next meeting: July 17, 2013 @
7pm

Theme:

Place: Clarion Resort Pinewood Park, Pinewood Park Drive, North Bay (Room announced on the monitor at the entrance)
